

Derrick Liang

Lab 4

11/10/2021

Compiling/running code:

- Used CLion, tested on Mac

Collaboration:

- Did not collaborate with others

References:

- GLM docs

Issues:

- Colors are slightly off for the arch file, not sure why.

Extra credit:

- None

Comments:

- Maybe some better test cases would be nice in the future. Also felt like most of the time was spent just dealing with conventions set in place in the code already rather than actual thought.
